# IMPORTANCE OF CANCER SCREENINGS

*Friday  
September 16, 2022  
11 am - 12 pm  
at the CSC*

Screening tests can help find cancer at an early stage, before symptoms appear. When abnormal tissue is found early, it may be easier to treat or cure. Join Chaminade nursing students as they explain the Importance of Cancer Screenings. Presentation will be recorded for future viewing. Please join us for this important presentation. Email [roz@csc-hawaii.org](mailto:roz@csc-hawaii.org) to confirm attendance.

CSC 1953 S. Beretania Street, Suite 5A, Honolulu, HI 96826
