

Let's PLAY IN THE LSL WAY!

Have you ever wondered how to improve the listening and speaking skills of your children with hearing difficulties/loss? If so, this class is for you, as we play in the Listening-and-Spoken Language (LSL) way!

June 16, June 30, and July 14 from 10-11 am at CSC!

Let's get together to learn how to encourage your child's verbal communication skills via play and/or daily routines!

We will learn some unique strategies and principles to make it possible for your child to learn to listen and talk in the language your family uses at home.

The group will be led by Makiko Ogawa, CCC-SLP, a licensed speech-language pathologist, bilingual in English and Japanese.
