Home Talk Assessment Tool for Parents

April 26, 2024

10 am - 12 pm at CSC

Join mother and Parent Support Specialist Ginger Knowles as she guides parents through the HomeTalk assessment tool for parents of children who are deafblind and who have other disabilities. Its purpose is to help you participate in the planning of your child's educational program. HomeTalk can provide a broad picture of your child's skills, special interests, and personality. Your assessment will be very helpful to members of your child's educational team, such as teachers, therapists, special instructors, and aides, who may not know your child well or have the chance to observe your child outside of the school.
